

Give your PAINT a second chance!

We all Benefit from Giving Paint a Second Chance

The new paint-recycling program will create jobs, reduce waste, re-use resources wisely – and above all, protect Nova Scotia's environment.

The leftover paint will be recycled into new paint products.

Paint Recycling is Easy & Convenient

Enviro-Depots® now accept latex and oil-based paints along with other recyclable materials.

And there's no charge for returning paint.

Recycle Paint as a Last Resort

Think reduction and reuse first. Buy the right amount of paint, store it properly, use it up – or donate and exchange it before recycling.

Remember that paint is a reusable and valuable resource.

Brush-up on the "BUD" Rule

*Buy only the
paint you need.*

*Use all the paint
you buy.*

*Dispose of leftover
paint safely.*
